

## **Protecting Children's Privacy Online**

Since Detour Drummond Community Credit Union values the privacy of our young members, we have additional measures to protect those 17 and under. We will not contact children age 17 and under about special offers or for any marketing purpose. Participation in surveys is voluntary and children should obtain parental permission before submitting material.

Email inquiries submitted through PC Branch's Contact Us will have responses sent to the email address provided within their PC Branch User options.
